Mr. Rock,

On Tuesday Oct 28, I went to your office regarding my systematic abuse by you and your administration. I identified myself, and I asked that we discuss and repair the situation together. You are well aware of my situation. You have received and you have read all of the following e-mails:

- May 31 - Grade Appeal, PHY3355
- Jun 16 - Grade Appeal PHY3355, Senate Appeals Committee
- Jun 16 - Mistreatment PHY3355
- Jun 20 - PHY3355
- Jun 30 - PHY3355, Friday Meeting
- Jul 3 - Departmental Misconduct, Physics
- Jul 9 - Conflict Resolution, Positive Solution
- Jul 9 - Grade Appeal, Positive Solution
- Jul 9 - PHY3355, Confidentiality
- Jul 13 - PHY3355, Neglect
- Jul 17 - PHY3355, Intervention Required
- Aug 26 - Follow-up on incident of Aug 22
- Sep 29 - PHY3355, Investigation
- Sep 29 - PHY3355, Ongoing Discrimination, Intervention Required
- Oct 9 - Follow-up on Earth Sciences Incident of Oct 1
- Oct 14 - Meeting
- Oct 15 - Office of the President, Student Mistreatment

You also received, on Oct 27, a letter from the Student Federation regarding my tyrannical deregistration by the Faculty of Science, and my psychological stigmatization by Vice President Robert Major. The letter was made public and is posted on the SFUO website:
http://www.sfuoc.ca/pdf/Rock_20081027_Appeals_Nom.pdf

While outside your office, after I identified myself, you immediately said "I will not speak to you in person. I will only respond by e-mail." You then dodged into your office, sat at your desk, and began clicking the mouse and hitting the keyboard keys. Your assistant slowly closed your office door in my face.

You provided no justification for refusing to speak with me in person. You clearly had a few minutes to spare, as you were casually conversing with your assistant when I entered your office.

You are the President and Vice-Chancellor of the University of Ottawa, and as President and Vice-Chancellor you have a professional responsibility to behave professionally. Professional behaviour means not hiding in your office from students suffering discrimination by you and your administration. Professional behaviour means acknowledging and addressing the issues promptly and properly. Professional behaviour means talking and communicating, not avoiding and delaying.

You have yet to respond to any of my e-mail communications. My systematic abuse by the institution began in January when Prof. James Harden publicly labeled me a "troublemaker", and has now escalated to Vice President Robert Major telling the Student Federation that I am "mentally unstable". I have been unjustly and discriminatorily assigned a failing grade in PHY3355, and now I have been deregistered from PHY4006 against my will by the Faculty of Science.

Please respond to this e-mail.

Marc
